

# WHAT YOU NEED TO KNOW ABOUT DACA

September 2017

## PENDING DACA

Initial applications and renewals that are currently pending WILL be adjudicated.

## NEW APPLICATIONS

No NEW first time DACA applications will be accepted.

## RENEWAL

DACA renewal applications will be accepted until 10/5/2017 ONLY if your current DACA work permit expires on or before 3/5/2018.

## ADVANCE PAROLE

NO NEW CASES of advance parole will be approved. Currently pending cases will be administratively closed. If you have advance parole, speak to an attorney before leaving the country to understand the risks associated with traveling abroad.

## WORK PERMITS

Work permits already issued under DACA will not be revoked. They will remain valid until their TWO YEAR expiration date.

## IMMIGRATION CONSULT

Seek an immigration consult from an Immigration Attorney or Accredited Representative to see if you are eligible for any alternate form of immigration relief. Ayuda is hosting regular, FREE, immigration consult clinics. Call 202-387-4848 for details.

## FRAUD WARNING

Congress has not passed the DREAM Act, nor any other legislative solution at this time.

ALWAYS beware of anyone who asks you to pay before there is a way to apply. ALWAYS make sure you understand what must be done in your case, and why, before you proceed.

NEVER sign anything that you don't understand or that is left blank. NEVER trust a representative who says they have a special connection in the government, because the government does NOT accept bribes or do favors.
