**QUEST Integration**

The Med-QUEST Division provides health care benefits to Hawai’i residents who are eligible for Medicaid through QUEST Integration.

With QUEST Integration, all eligible members of your family can choose a health plan that fits their health care needs.

And when you reach age 65 and transition into Medicare or if you develop a disability, you won’t need to change your health plan. You can stay in the same health plan.

You can choose traditional Medicare or a different Medicare Advantage plan. All QUEST Integration health plans offer Medicare plans and many provide extra benefits at no cost. Using the same health plan for Medicare and Medicaid may help you coordinate services, get more benefits, and lower your drug costs. Visit medicare.gov to learn about your options.
Choose Your QUEST Integration
Health Plan

Step 1: Learn About Your Choices
Choosing a health plan is important. You’ll get all your health care services from a single health plan. Your health plan can help you find doctors, hospitals, and pharmacies.

When choosing a health plan, it’s important to see if you can:

- Keep seeing your current doctors.
- Go to the hospital, health care facility, or pharmacy you prefer.

Health Care Provider Network
If there’s a specific provider you want to see, call the health plan or visit their website to see if your provider is in their network.

If your current provider doesn’t accept QUEST Integration (Medicaid) health insurance, call your health plan to help you find another doctor or provider.

Step 2: Choose a Health Plan
When you become eligible for Medicaid, Med-QUEST assigns you to a health plan right away. You can stay with the health plan that Med-QUEST assigned to you, or you can choose a different one.

If you stay with your Med-QUEST assigned health plan, you don’t have to do anything.

If you choose a different health plan, please tell Med-QUEST Customer Service your health plan choice within 15 days of the date of your enrollment choice notice. The new health plan will start on the first day of the following month. Until then, you’ll stay with the health plan you were assigned.

Whether you stay with your assigned health plan or choose a different one, you can change health plans one time within 90 days from the day you were enrolled in QUEST Integration. Once the 90-day period ends, you can only change your health plan during open enrollment from October 1 to 31.

Your five choices for a QUEST Integration health plan are:

- AlohaCare
- HMSA
- Kaiser Permanente (O‘ahu and Maui only)
- ‘Ohana Health Plan
- UnitedHealthcare Community Plan

Health plan availability depends on enrollment limits. The following pages are summaries of each QUEST Integration health plan.

Step 3: Submit Your Choice

You have three ways to submit your health plan choice:

- Complete the Choice Form and mail it to:
  Med-QUEST Enrollment Services
  P.O. Box 700190
  Kapolei, HI 96709-0190

- Complete the Choice Form and fax it to:

- Call Med-QUEST Customer Service:
  1-800-316-8005 toll-free
  TTY users, call 1-800-603-1201 toll-free or 711

Make sure to submit the Choice Form enclosed in your enrollment packet by the deadline. Your health plan will start the first day of the next month. For example, if you call Med-QUEST to make a change on December 1, 2017, your new health plan will start January 1, 2018.

If you’re pregnant and enrolled in a QUEST Integration Health Plan on the date you deliver your child, your newborn will automatically be enrolled in your health plan for a minimum of 30 days from the date of birth. Med-QUEST will mail you an enrollment packet and give you the option to change your newborn’s health plan after the first 30 days.

If your Medicaid eligibility ends for any reason, your QUEST Integration health plan enrollment will also end. You may reapply at any time. If you become eligible within six months from when you last had Medicaid benefits, Med-QUEST will assign you to your former health plan.

Get Started With Your New Plan

After you choose a QUEST Integration health plan, your plan will mail you a welcome packet that includes:

- ID cards for each family member covered.
- Instructions to choose a primary care provider (PCP).
• A handbook that includes the health plan’s responsibilities, services, benefits, and information about:
  o Language interpretation and translation services.
  o Prior approval for care and other services.
  o Services the health plan doesn’t cover because of moral or religious reasons.
  o Grievance and appeal process.

Getting care before you receive your health plan member ID card
You’ll get a notice in the mail that tells you about the health plan you’re enrolled in. To get medical care, take the notice with you to your doctor or other service provider. Once you get your health plan ID card, you can use your card to get services. You’ll need your ID cards to get health care services. Make sure you carry your QUEST Integration health plan and Medicaid ID cards in your purse or wallet and take them with you when you need care.

Choose a primary care provider (PCP)
Your health plan will mail you a welcome packet with a form asking you to choose a PCP. Your PCP will see you for regular checkups or when you’re sick. When you need a specialist or other medical services, your PCP will arrange it for you. If you need help finding a PCP or specialist, ask your health plan for help. If you have a Medicare Advantage Plan and already have a PCP, let your health plan know the name of your Medicare PCP.

If you received services before you got the MedQUEST enrollment notification, tell your PCP or other service provider. Your health plan may cover some of these services.

You’ll have 15 days from the enrollment start date to choose your PCP. If you don’t let your health plan know your choice within that time, they’ll assign you a PCP. You can change your PCP at any time.
